

In the Claims:

Please cancel 1, 5, 8-9, 14, and 16-17. Please amend claims 10 and 18. Please add new claims 23-24. The claims are as follows.

1-9. (Canceled)

10. (Currently amended) ~~The method of claim 1, wherein the combination further comprises~~ A method of treating inflammatory disorders in a mammal, said method comprising concurrently administering to said mammal a therapeutic composition, said therapeutic composition comprising: (i) a standard therapeutic dose of a COX2 inhibitor selected from the group consisting of celecoxib and rofecoxib; (ii) low dose aspirin in an amount of 70-85 mg; and (iii) an antioxidant selected from the group consisting of a flavanoid, a flavonoid, an isoflavone, and combinations thereof.

11. (Previously presented) The method of claim 10, wherein the antioxidant comprises the flavanoid.

12. (Previously presented) The method of claim 10, wherein the antioxidant comprises the flavonoid.

13. (Previously presented) The method of claim 10, wherein the antioxidant comprises the isoflavone.

2

14. (Canceled)

15. (Previously presented) The method of claim 14, wherein the therapeutic composition is in an enteric coated formulation.

16-17. (Canceled)

18. (Currently amended) ~~The pharmaceutical composition of claim 16, wherein the therapeutic composition further comprises~~ A pharmaceutical composition, comprising a therapeutic composition for treating inflammatory disorders in a mammal, said therapeutic composition comprising: (i) a standard therapeutic dose of a COX2 inhibitor selected from the group consisting of celecoxib and rofecoxib; (ii) low dose aspirin in an amount of 70-85 mg; and (iii) an antioxidant selected from the group consisting of a flavanoid, a flavonoid, an isoflavone, and combinations thereof.

19. (Previously presented) The pharmaceutical composition of claim 18, wherein the antioxidant comprises the flavanoid.

20. (Previously presented) The pharmaceutical composition of claim 18, wherein the antioxidant comprises the flavonoid.

21. (Previously presented) The pharmaceutical composition of claim 18, wherein the antioxidant
